上海交通大学政治学科历史悠久。1901

21

The Discipline of Political Science of Shanghai Jiao Tong University has a long history. In 1901, in order to reserve talents for domestic, foreign and financial affairs, Mr. Cai Yuanpei presided over the opening of the Special Class of Political Science at Nanyang College, which became the source of the Discipline of Political Science at Jiaotong University. At the beginning of the 21st century, the Discipline of Political Science began to rebuild. At present, the first-level discipline of Political Science at SJTU mainly includes political theory, Chinese politics, comparative politics, national security, international relations, international politics and international political economy, etc. The faculty of the discipline is strong, including Chang Jiang Scholars of the Ministry of Education, New Century Excellent Talents, Shuguang Scholars, as well as Distinguished Professors and Chair Professors of SJTU.

In recent years, relying on the platform of the university and responding to the needs of the country and society, the Discipline of Political Science at SJTU has shown strong development potential and ranked among the top in China in third-party rankings such as Thames and Soft Science. The discipline focuses on both basic theory and the practice of global, national and social governance. By strengthening the professional theoretical foundation, promoting exchanges with government departments and actively developing international cooperation, the discipline focuses on cultivating students' abilities in various aspects such as theoretical innovation, linking theory with practice, solving realistic problems and conducting international exchanges.

We welcome applications from outstanding graduates in related fields from well-known universities in China and other countries.

Program Objective

“ ”

Based on the educational concept of "broadening caliber, solidifying foundation, strengthening ability and developing expertise", the program aims to cultivate theoretical and application-oriented talents with extensive theoretical knowledge in political science, mastering social science research methods, linking theory with practice, strong research ability, excellent proficiency in foreign language, good comprehensive quality, and considerable understanding of international political operation and Chinese political development. The program is designed to

meet the needs of universities, research institutes, agencies of party and government, and international organizations.
